Senator Jones' speech, following that | a question of loyalty. It is not a quessimply a question as to whether we were brave enough to enter upon this of your time. I did not intend to open a y mouth as to this platform. I bewe it means what is says and says tion, knowing which, men ever to brave

"Mr. President, I think that the safest, thave uttered one syname, our the charge that has just been made have pursued, was to take the first the clatiform, that this was tary reform by declaring in favor of interest that the clatform, that this was the best course for this convention to ternational bimetailism. (Loud applause.) I am not here to assail the sight and I carried a musket as a pri-tor to soldier during the war. There is who disagrees with me. There are those not one thing in connection with the utterance made upon this subject I have treated the friends of free and unlimited coinage of silver at the ratio of 16 to 1 with respect. I am here to pur-sue that course today. I do not think that we can safely ignore the monetary systems of other great namons. ROUSES YANKEE PRIDE.

"It is a question about which honest men may differ. I believe we cannot ignore the attitude of other nations their attitude upon other questions of

FOOLED WITH THE RATIO.

"Mr. President, I want to call your artention to this single point. I think wention:—I don't know that I should by to the senator from South Caro- A Senator Tillman) and I trust that senator trust that the senator Tillman and I trust that I should be senator from South Caro- the senator Tillman and I trust that I should be senator to this single point. I think ting into the platform other questions which have never been made the tests of Democratic loyalty heretofore. Why, mittee presented for adoption a plat-form which makes the test of Democrat-

Permit me to remind you-I see disfinguished senators bet e me, who in senate of the United States, friends of free silver, had introduced bills for free and unlimited coinage of silver at the ratio of 20 to 1 mind this convention that some of your candidates proposed for nomination are men whom I accept and whose Democy is admitted, who have time and time again in congress voted for other ratios than 16 to 1; and yet you are proposing to nominate men upon a platform that limits and restricts them to one

NOT ENGLAND ALONE. "With all due respect I think it an unwise step. I think it an unnecessary step and I think it will return to plague us in the future. I think we have too many close business relations with the other great nations of the world for us wealth, men of intelligence and charer? No. it is not necessary. Need people of this country that it is a smind this Democratic national conthe wealth that he inveigns German policy, also, they fall to remind you that it is a Spanish policy, also; of the whole number of governments represented in what was called the Latin union. Therefore, I think it "When oher cities falled to respond, N. w York was the Gibraltar of Democrat. House a little-just a triffle-like democrat. Goods a little-just a triffle-like democrat. Goods applause and cries of

your platform reads not a single linfavor of international bimetalliem which is necessarily insonsistent with this plaform, and there is no declara-tion whatever that it is the policy of thi government to attempt to about. The minority platform declare expressly that it is the policy of thi ernment to make a steady effort t oring this about. It would be safe to do it; it would be wirer to do it. W

"I do not intend in the brief time allo epresent and for whom I speak-the ted to me to go into any elaborate as off er great nations.

"It is not a question of patriotism. It shot a question of courage. It is not yor of the maintenance of the parity of

how you are to brace up this new depreciated currency. Everything is risked upon the mere fact that it shall hasked upon the mere fact that it shall question of life be given free coinage at the mints. I judges of our federal beg to call your attention to this fact; revolutionary step. That in my humble opinion the very step, this is an it policy condemned by this platform is our party history.

SILVER PRODUCTION. in this country. We think that you can not safely ignore the fact, in the prep-COURAGE NOT ENOUGH.

If bravery, if courage could produce these results, then you could make any metal, no matter what it might be, a money metal. But I tell you it is a question of economics, a question of business judgment; it is not a question of finance. It is a question of resour-ces. And upon that it is the judgment of the minority of the committee that the safe course is to take the great step any better nor any worse for it. I call our attention to the fact that your lank upon pensions, that your plank upon the Monroe doctrine, that your plank upon Cuba, that your plank upon territories, that your plank upon Alas-ka, that your plank even upon the civil service, are exactly like the Republican planks. Therefore, I do not think that that criticism will detract

from the value of the suggestion. "Mr. President, I said a few moments ago that I thought the safest course for this convention to pursue was simply to have said that this government should enact a statute in favor of placing gold and silver alike as the curreacy of the country and stop there. I do not think, as I said, and I will repeat, that it is wise to hazard everything upon a single number

A HARD MONEY PARTY. "Let me go further. I object to various provisions of this platform, and I think if the wise, level cool-headed mer far-sighted men, such as is the distinguished senator from Arkansas who, has just addressed you, prevailed, that the platform would have been different What was the necessity for putting in this platform an implied piedge that this government might issue greenbacks and make them legal tender. The

Democratic party is opposed to paper money. The Democratic party from its earliest history has been in favor of hard money. The Democratic party hard money. The Democratic party thinks that the best way for us is to eliminate United States notes and treasury notes from our currency. They are a drag upon our metals. You have are a drag upon our metals. You have to constantly keep supplied a fund for upon this subject any more than we can their redemption unless you propose to

A HAZY PLATFORM. "Therefore, when my friend from South Carolina and my friend from Arkansas say that this platform says all ters not what other countries may do, we can arrange this matter ourselves. But I beg to remind you, if that suggestion is carried out to its legitimate hat to stand together as one great ple. I simply arose to say that for uself and, as I believe, for the most those who agree with me, that I utters and the charge that the charge the countries are countries to the countries to the countries to the countries that the charge that the charge that the charge that the charge this matter ourselves. But I beg to remind you, if that suggestion is carried out to its legitimate conclusion, you might as well do away with commercial treaties. You might as well do away with other countries, you might as well do away with other countries may do, we can arrange this matter ourselves. But I beg to remind you, if that suggestion is carried out to its legitimate conclusion, you might as well do away with commercial treaties. You might as well do away with other countries, you might as well do away with other countries, you might as the provisions in the countries of the countries of the countries ourselves. But I beg to have suggestion is carried out to its legitimate conclusion, you might as well do away with commercial treaties. You might as well do away with commercial treaties, you might as well do away with commercial treaties. IRRELEVANCIES.

"Another suggestion permit me to make. What was the necessity for putratio. What does this silver platform provide It should have extented itself with the single statement that it was in favor of the remonetization of silver and the placing of it upon an equality with gold, but instead of that your comused against him in his old age to unnoy doubt to hang upon a single ratio, and that one, 16 to 1. I doubt the wis-Will some one tell me what that claus means in that platform? If you mean what you say and say what you mean what is more explanatory? (Applause.) That provision, if it means anything, means that it is the duty of congress to court. I said I will not follow any such dislike all their tenets. I have no sym-revolutionary step as that. When ever pathy with their general principles but before in the history of this country. I do think we are here today muching has devotion to an income tax been a mismake in theventure which we are made the test of Democratic loyalty? Never. Have you not undertaken enough, my good friends, now without seeking to put in this platform the unnecessary, foolish and ridiculous things. TENURE OF OFFICE.

"What further have you done? In and Populists that will never vote for this platform you have declared, for the ticket at all. (Great appliance and the first time in the history of this country, that you are opposed to any life
issure whatever for office. Your fathers before us, our Democratic fathers
to give its electoral vote, and take the whom we revere, in the establishment experiment of some state out west that of this government gave our court has always given its vote to the judges a tenure for life. What neces- licans. I tell you that no mate sity was there for reviving this ques-How foolish and how unnecessary, in my opinion. Are Democrats

thorized to speak for the Populist party here, in a Democratic convention? I saw upon this platform the other day an array of them, giving countenance and support to this movement, man are not never voted a Democratic time in their lives and never expect to the said the men who attempted to pix the Democrats all over this union. They are men who are crying against us in the time that is trying men's souls. My friends, I thus speak, more in sorrow than in anger. You know a this plaform means to the east. must realize the resoft. But, calemiters as it may be so us, it will be recent calemiters to you, if, taking these risks, you do not see the fight. My friends we want the Demogratic party to succeed. eW want to build it up. We do not want to tear it down. We want our principles—the good old prin-

the two metals. I find no suggestions whose whole lives have been devoted of safe money. We want no greenback to the party—are men whose hopes, iment fails. I find no suggestion of whose ambitions, whose aspirations, all driven out of the party upon this new question of life tenure of the court it what it is. If we keep in the good judges of our federal courts? This is a old paths of the party we can win. If we depart from them, we shall lose."

NOTHING TO DO WITH THE CASE

enator Vilus Tries to Exenerate the Gold Standard Entirely. "Another question that I think should Sensor Vilas of Wisconsin, who folowed Senator Hill, spoke as follows:
"Mr. Chairman, and fellow-Demo SILVER PRODUCTION.

for the preservation of the credit of the committee on resolutions have fact if the great production of sliver you have announced to the world a policy that under no circumstances not safely ignore the fact, in the preparation of a floancial vector the preparation of the credit of the committee on resolutions have graciously accorded to the minority the privilege of presenting their views to the convention. They have conceded crats of this convention: A majority of not safely ignore the fact, in the preparation of a financial system, that the cost of the production of silver has greatly fallen. Why, it is a vary pregnant fact that confronts all the world the solving of the great question of the immense discoveries of silver everywhere. The great fact confronts the world that the cost of silver production has been reduced one-half. If the American people were courageous, if they had the spirit of 1776, as this platform says, could they singly and alone make copper equal to gold? Could they make lead the equal of gold? Must you not take into consideration the great fact of production, the great fact of the lessening of the cost of production, in the last fifteen and transfer. the convention. They have conceded nothing more. Upon the subject of be to my Democratic associates in the senate who for the past two or three years have introduced bill after bill for the issuing of bonds of the nation and other purposes. (Laughter and cheer-cratic faith under circumstances of trial ing.) No, no, my friends, this platform has not wisely been considered.

NO Powers Over 1 The Average Man

"This convention will be powerful for good as it shall respect that higher law which it cannot alter though it disobeys and runs counter to it. ity believe the proposal of the majority you have unnnecessarily put in this to be disobedient to that cause, reck-platform provisions which cannot stand lessly and flagrantly so, and that it will a fair discussion. Let me tell you, my cause a fearful penalty. I will not profriends, without going into a discussion teet the argument. I will summarize the conclusion. try today if the president of the United His speech on the direct proposal indi-States, in the discharge of the public cates what serious injury to the counduty that is conferred upon him, had try may come in the change of the not seen fit to issue bonds to protect standard if that proposition is carried the credit of the government. The out. It will not produce bimetallism: Democratic party has passed a tariff far from it. It is in diametric opposibill which does not produce a sufficient tion to the platform of 1892, which proposed an honest bimetallism, if the thing be possible at all, when conditions of \$50,000,000 a year. It is noped that in shall make it possible, and the super the near future this bill will produce lative victory of this scheme will no be the honest bimetallism contended for government; but in the meantime your today, if the belief is that you will greenback currency and your treasury thereby secure bimetallism.

retary of the treasury had not discharg-retary of the treasury had not discharg-retary of the treasury had not discharg-retary of the United States. This scheme of eliver monometallism is no new thing to this country, however novel to the ignorance, perhaps, of some of this generation. The silver standard is no new thing in the United States, begin-What amount of money have you in hing with our early poverty and weakthe treasury today. Only just about that sum. Where would you have obtained the means with which to redeem your paper money if it had not been produced by the sale of bonds? Why, my friend Tiliman could not have had of 1834 was passed. That was a Demomore of the treasure to the country of the treasure of the control of the treasure of the control of money enough out of the treasury to pay his expenses home. (Laughter and applause.) Mr. President, I relierate to cused then as a gold measure and it recommended the standard of gold in into this canvass unnecessary, a foolish issue which puts us on the defense in every school district in the country. Mexico, to a place among the foremost "I do not propose to detain you by nations that rule the world in com-any other criticism of this platform at merce and carry the colors of civilizathis time. It is sufficient that you have then to the fartherest regions of the

GOLD STANDARD INNOCENT. "The gold standard is now accused of the main question and made the support of them the test of Democracy. I do not think that this was the course that should have been pursued.

Time Left to Repent.

The argument is a false deduction. Would you stop the fall of prices, suppress invention. well do away with all the provisions in you might as you might as your treaties that have been laws of other countries. In this great age, when we are connected will all portions of the earth by our ships, by our cables, and by all methods of intercourse, we think that it is unwise to attempt this alone.

"Mr. President, there is to me enough you sop the fails of prices, suppress invention, extinguish enterprise, dicard improvements in transportation, in short, smite yet to retrace the fails step. The burdens you have imposed upon us in the sastern states in the support of this platform in its question relating to sillustration in the desired to pursue that they our sales in the support of this platform in its question relating to sillustration. Take from the farmer the harvester and the threshing machine and the threshing to platform in its question relating to sillustration. Take from the farmer the harvester and this is an attempt that the support of this platform in its question relating to sillustration. Take from the farmer the harvester and the support of this platform in its question relating to sillustration. Take from the presentation, in short, smile per solutions of the support of this platform in its question relating to sillustration. Take from the farmer the harvester and the support of this platform in its question of the support of this platform in the question of the support of this platform in the question of the preparation. The fall of prices, support that the provision is the provision of the preparation. The platform is the platform in the question of the you from this supposed curse of civili-zation, a cheap abundance. But the But the gold standard has nothing to do with it. When any standard be fixed with continuous stability, it has no more to do with prices than a yard stick or a pair f scales. The one test which must infallibly prove the fact and prove the excellence of this standard shows that gold has fallen, not risen in value.

WAGES AND PRICES "And that test ought, above all othout the United States, skilled and prices for what the laborer has to buy.
Will you insult the intelligent wage earners of the United States by proffering to them the state and condition of a Mexican, a Portuguese, Chinese or Japanese laborer in place of that of the American workmen of this country? And, Mr. Chairman, how will you justify the effect of the sudden in the value of contracts: For we to be told that contracts need to be reduced one-half. Why will you not adopt convention: I would be presumptioned this amendment proposed by the com-mittee shall limit the effect of a change of standard to future contracts? QUOTES THE CHAIRMAN.

a distinguished legal writer who, elece the land, when clad in the armir be referred to the record of others, will righteous cause, is stronger than not complain if I use his great authority to satisfy this convention of what I come to speak to you in defense n this aspect, in his law book on negowhere the statement was made, and, accordingly, if the coin which is expressly agreed to be paid be altered by contract and the tim of payment the or should be required to make good the full value of the coin at the time of contract (Applicase), and so if the name of the coin be changed so as to apply to a leaser value, the amount to be paid should be estimated according to the value at the time of drawing the instrument, for payment in that coin then of ject the authornies exhibit great con-trariety of opinion. eW have simply stated the conclusions which seem to u

THE BUSINESS MAN.

"When you some before us and tell is we shall disturb your business to ne, we reply that you have disented or business interests by your course. Sreat applicase and cheering; Wang to you that you have made too mited in its application the definition employed for wages to as much a husbness man as his employer. Continued to mining.) The attorney in a country town is as much a fusiness man as the orporation counsel in the great metro-oils. The merchant at the cross-roads who goes forth in the morning and to all day, begins to the spring and tolls all summer, and, by application of brain and muscle to the natural resources of

ed of trade and bets upon the price of grain." The miniments of the speaker were cheered again and again and th gal-lettes sweeted to b a mass of while because of the handkershiels waving. The cheers were procured again and again, and it was some minutes before Mr. Hyran could be beard. He proceeded

this country, creates wealth, is as much

The miner who gree a thousand fact into the earth, or climbs 2.00 feet upon the clifts and brings forth from their hidding place the precious metle to be such a business man as the few finanal magnates, who, in a back room, The free sliver delegates at this point

was finally restored, and Mr. Stryan con-

MERE SELF-DEFENSE "We come to speak for this broader class of business men. Alt, my friends, we say not one word against those sho have upon the atlantic orner, but the hardy pioneurs who braved all the da-gers of the wilderpess, who have made

the desert to blossom as the rive, fixing
